Briefly describe the program proposal (new or change) and provide a justification.

In 2008 the Child Development B.A. was revised to create one major (CHDV) with five possible concentrations. This was a substantive change from the previous structure which was comprised of two degree options: a) an academic major (known as Major A – code CHDV) and b) an elementary precredential major (known as Major B – code CHSM). In addition, the Major B CHSM pathway at one time had a premajor, for which the code was PCHS.

In the new 2008 degree structure, the old Major B program was eliminated as a separate degree and instead became one of the five concentrations under the CHDV major. But in recent conversations with the Registrar's office we have discovered that the old Major B CHSM and PCHS codes are still active suggesting that these programs had not officially been deleted. This proposal requests that the old Major B Premajor (PCHS) be deleted. This deletion is necessary to prevent incoming students from enrolling under the old codes.
