AGENDA

1. Call to Order

2. Open Forum

(Brief period for members to raise issues related to the committee charge that are not on the meeting's agenda.)

- Presentation about Curriculum Workflow.
- Answer from Reza Peigahi for question posed at the March 28th meeting:
 - According to the CO, they can use the upper division major course to meet the B5, if approved by the GE Course Review Committee. And they can move the lower division B5 courses to one of the other B Areas upon review and approval by the GE CRS. If they have a lower division course that's in B5, then under the new EO, they have to either move it to one of the other areas of GE or the course only counts as a major course and not GE.
